Allowable Subject Matter

1. On further consideration and careful analysis of the Affidavit submitted on 8-4-2003 as well as accompanying arguments filed on, 3-3-2005, Claims 2-31,33-38 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claims 2,3,33-35, the closest prior art as applied does not teach the claimed values of cup crush, CD tensile strength and cup crush to density ratio. As shown in Applicant's Affidavit submitted on 8-4-2003, the claimed property values have been experimentally shown to be deficient in the relied on prior art. Claims 4-31,36-38 are dependent on the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
